Collection
STYLES

EBSU's 2008 collection was created to add variety to the colours and styles currently available. They were selected according to the latest market trends.

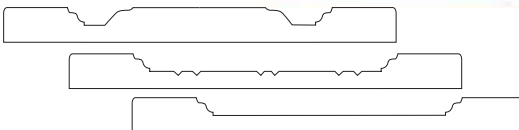

With this collection you can change your existing cabinet doors or complete EBSU's ready to assemble kitchen and bathroom line.

These new styles and colours are available on order.

Personalize your cabinet doors by choosing a style, colour and door panel insert according to the design selected. Choose from over 600 possible combinations inside the brochure.

- Doors, visible side panels and various door panel inserts are available with EBSU's machining standards, or may be custom-made for refacing existing kitchens.
- A variety of thermoplastic accessories such as 4" or 6" columns, light casings and valences are available
